What Makes You Tick?

"We are a service organization in business to help our customers keep their buildings clean, healthy and safe."

We at Great Western think clean and healthy schools and businesses make our community a better place to live. We believe high quality products are often the least costly to use over the product's lifecycle. We think honesty and integrity are the cornerstones of good business.

We are a service organization in business to help our customers keep their buildings clean, healthy and safe.

Great Western does this by partnering with industry leading manufacturers who believe the same.

Companies like SCA with their reliable touch free paper delivery systems, Envirox and their high performance plant-based cleaning chemical formulas, and Tornado with their innovative cleaning equipment that is made in America. We appreciate helping you keep your buildings safe

and clean. It's what makes us tick!
