

Advanced Technology Foam Soap Dispensing Systems

Modern Design with Advanced Technology

Choose the system that is right for you. Whether you choose our new touch-free energy-on-the-refill, touch-free or manual system, your maintenance team will appreciate the advanced features that make maintenance a breeze.

ENERGY-ON-THE-REFILL AND COMMUNICATION CAPABLE

Touch-free with energy-on-the-refill plus the ability to add communication modules.

TOUCH-FREE

Touch-free systems built for reliable performance and maintenance ease.

MANUAL

Durable & reliable push-style systems. Easy to maintain.

Reliable Performance

Distinct closed cabinet design ● Fully ADA compliant ● LOCK OR NOT™ Technology – can convert to a locking system

ProFormance™ Energy-On-The Refill Dispensing System

Built for Sustainable Performance

The Energy-On-The-Refill system represents a 68% reduction in battery waste when compared to leading touch-free systems on the market.¹

Battery Waste Over Dispenser Lifetime

Based on battery weight at a usage rate of 3 refills per dispenser, per year. Savings calculated based on a 6-year dispenser lifetime, compared to leading traditional touch-free systems.

Breakthrough Energy-On-The-Refill Technology

Each new refill comes with its own energy source – a coin cell battery that's integrated into the refill. When you replace the empty refill, you get fresh product and fresh energy in one simple step. Back-up power inside the dispenser provides added assurance of high performance — even with extreme high-frequency use.

Easy Recycling and Disposal

PET bottle and refill components are easy to disassemble, including removal of the battery.

A Variety of ProFormance™ Foam Soap Options

ProFormance Foam Soap dispensers are available with spa-like formulations that are pleasant to use and feature luxurious lather.

Choose foam soap, antibacterial foam soap, shower soap or our breakthrough new Ultra Clean Foam Hand Soap with CLEAN RELEASE™ Technology. Unlike regular soap, Ultra Clean Foam Hand Soap removes over 99% of dirt and germs^{2,3} – without the use of antibacterial ingredients!⁴

All refills are SANITARY SEALED™ and recyclable.

Breakthrough Innovation in Hand Soap

Introducing Ultra Clean Foam Hand Soap with CLEAN RELEASE™ Technology

Healthy skin is cleaner skin. Ultra Clean Foam Hand Soap with CLEAN RELEASE™ Technology sets a new standard for soap performance. This remarkably mild formulation is gentle on skin, contains no antibacterial ingredients⁴ or harsh preservatives, and removes over 99% of dirt and germs.^{2,3}

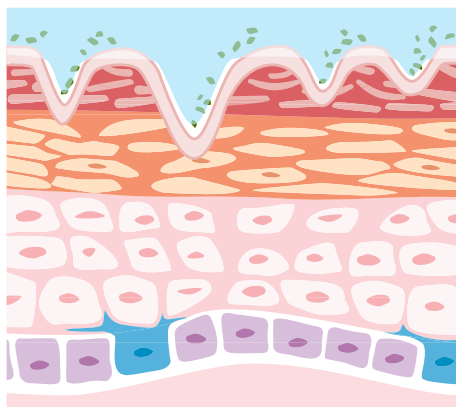

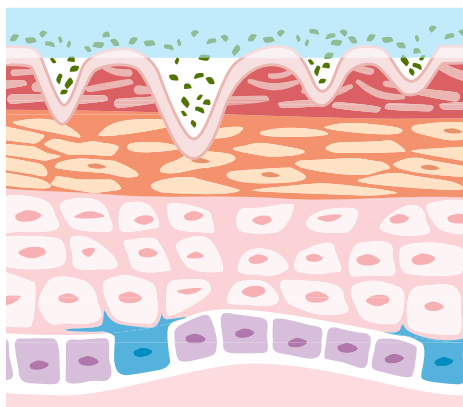

CLEAN RELEASE™ Technology Helps Soap Work Better

CLEAN RELEASE™ Technology boosts soap performance. It reaches deeper into skin's cracks and crevices to gently remove more dirt and germs than regular soap.^{2,6}

- Dirt Removal – Removes 30% more dirt than regular soap²

Regular Soap⁷

Can't get to tough-to-reach areas where dirt and germs may hide.

CLEAN RELEASE™ Technology

Reaches into skin's cracks and crevices 2X better to lift and wash away more than 99% of dirt and germs.^{2,3,8}

Better for You and the Environment

CLEAN RELEASE™ technology soaps are made with natural ingredients. They rinse faster and cleaner to conserve water.

Formulated for dry and sensitive skin, hypoallergenic Ultra Clean Foam Hand Soap with CLEAN RELEASE™ Technology is free of harsh ingredients, so it is better for skin.

- Cleaner Ingredients – Free of harsh preservatives, antibacterials⁴, parabens and phthalates
- Better Wash Experience – 95% preferred over regular soap⁵
- 90% Biobased Content⁹ – Far exceeding the 64% USDA requirements
- Water Conservation – Saves an estimated 6 gallons per refill compared to regular soap¹⁰
