

# ENZYME SPOTTER & ODOR ELIMINATOR

- Water-soluble protein stain remover.
- Eliminates severe carpet malodors caused by any protein-based stain such as urine, vomit, blood, grass, coffee and other food products.
- Cleans and controls odors naturally with enzymes that break down and digest the cause of the odor.
- Effectively breaks down carbohydrates, fats and cellulose.
- Great for use in restaurants, bars, cafeterias and any other high traffic areas.
- Green Certified - meets UL 2795 standard.
- Carpet and Rug Institute approved.

## DIRECTIONS

### STAIN REMOVAL (Carpet and Rugs) –

1. Remove as much of the spill as possible from the stained area.
2. Fully saturate area with solution to penetrate carpet backing.
3. Agitate from the outside in to keep the spot from spreading.  
Allow to work for 3 to 5 minutes.
4. Blot with clean white towels to absorb stain.
5. Repeat if necessary
6. Extract or rinse with Carpet Rinse & Neutralizer and blot dry.

### GENERAL DEODORIZING –

1. Spray product directly onto the cause of the odor. For large areas, dilute equally with water, and apply by spray or pouring directly on odor source.
2. Repeat if necessary.
3. Extract or rinse with Carpet Rinse & Neutralizer and blot dry.

Always thoroughly vacuum the carpet after it dries to remove any potential residue remaining.
